

NTTC AFFILIATE RIGHTS

By choosing to work with Avail-TVN, you already realize the value that a consolidated source of programming brings to your offering. All that remains is finding the right option for your content licensing needs. That is where the National Telco Television Consortium (NTTC), can help. The NTTC team has extensive knowledge from a variety of perspectives including operational, contractual and technical. Most importantly, we listen. That's what sets us apart. Our consultative and educational approach allows us to hear what you need and then to find the best solutions to deliver it. No preaching... just advice.
